

Matsu

To Whom it May Concern.

I am writing to provide a reference for Danté, a junior stewardess who did day work onboard M/Y Matsu. Danté's responsibilities included laundry and housekeeping tasks, both of which she performed excellently.

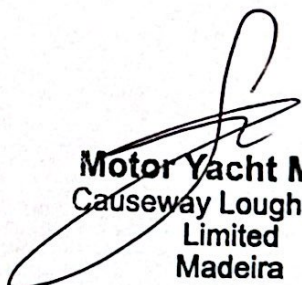

Danté displayed exceptional attention to detail and took great pride in her work. Her dedication and commitment to maintaining a high standard of cleanliness and organization were evident in her daily tasks. One of Danté's standout Qualities is her positive attitude. She always approached her duties with enthusiasm and a smile on her face. Her optimistic nature not only uplifted the team but anyone close by.

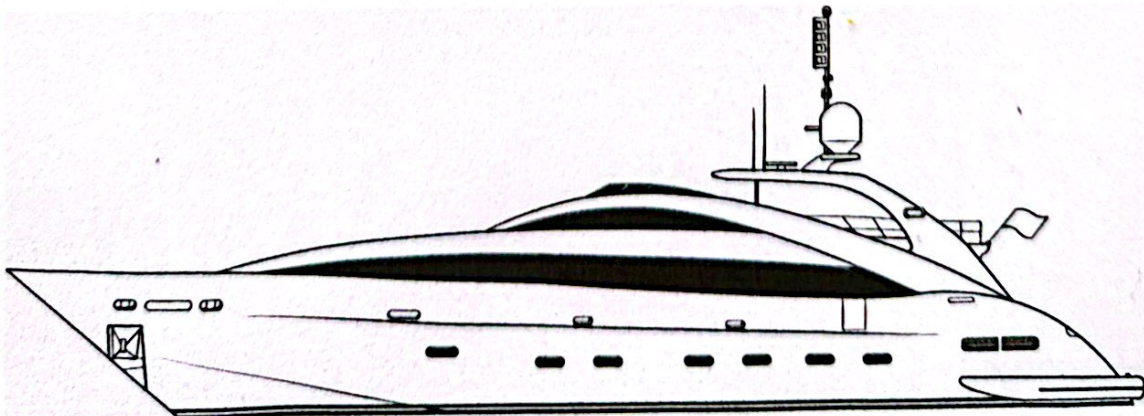

In summary, Danté is a highly capable and positive individual who provided to be a valuable asset during her time onboard M/Y Matsu. I have no doubt that she will continue to excel in future endeavors. I wholeheartedly recommend Danté for any future opportunities in the yachting industry.

Please feel free to contact me if you require any further information or have any specific questions regarding Danté's performance.

Sincerely,

Shanri Swart

The following serves as a summarised testimonial for Dante Duke.

Danté started as a freelance guide at Atlantic Outlook which developed into a permanent role in the team. She has made invaluable contributions during the company's high seasons experienced over the Cape Town summers.

She is dedicated and punctual but her flexible nature allows her to read social scenarios and navigate personalities under pressure. The work environment at Atlantic Outlook is dominated by male athletes. Dante had no trouble keeping up, and in some cases out performed her peers physically.

Dante is a pleasure to manage and work with and is always pushing the tempo, not only at work but in her personal life too. We wish her well on her mediterranean adventure and hope to see her back at Atlantic Outlook in the future.

Please don't hesitate to contact me if you have any further questions.

To Whom It May Concern:

I have had the pleasure of working with Danté as a Stewardess and Deck hand since 01 Jan 2020 for just over two years before she left to continue studying at the end of 2021.

Danté has worked as Stewardess and deckhand, whereby she has been involved in the upkeep of the interior and exterior of our vessel. Along with the crew she maintained the pristine condition of our engine room as well as various other tighter spaces on the boats, so yes, very hands on and always willing to learn.

She was particularly skilled in keeping a neat working space, getting her job done efficiently and with meticulous attention to detail. Her personality and character was perfect for our chartered guests as she was always able to maintain a great professionalism and likeable quality to her services offered on deck and in service.

Danté is an extremely hard working crew member, very well spoken and well mannered. She has always been willing to take on any challenge and she is one of the rare crew that thinks ahead of time and uses common sense. Incredibly enthusiastic, no challenge ever seemed too difficult for her.

Her skills as well as her ability to make a plan has proven to be a great help to us.

I would highly recommend Danté as a crew member and I believe she will go far in life with her attitude in wanting to learn.

Please contact me if you have any further questions.

Sincerely
